Florida History & Genealogy Library Source Checklist

You can use this sheet as a reference to the different types of records you can search or you can use it to track your research for each person you are researching.

Name of Ancestor _____

For each set of records fill in the city, county, state where the record was made. If you find your ancestor within them, mark with a checkmark. If no record is available, cross out the line, you can include information about why records do not exist. If a record is available but your ancestor is not listed mark with an X.
